# AI TENNESSEE CHALLENGE
## MEDIA CONSENT FORM AND RELEASE FOR ADULT SPONSORS

*Co-hosted by AI Tennessee and the ADEPT Center at the University of Tennessee, Knoxville*

**Adult sponsor's full name:** _____

**School or organization:** _____

**Project or team name:** _____

Thank you for serving as an adult sponsor for the AI Tennessee Challenge! Each team shares a project with volunteer judges: a written narrative, a set of slides, and a video. As the sponsor, your name appears on the submission, and the video may show or include you. This form gives us your permission to use your name, image, and voice as part of the team's project in the two ways below, and no others.

**1. Judging.** We share the team's project, including your name and any appearance by you in the video, with the judges who will score it. Judges see projects only through a private folder that is not open to the public, and they are asked not to download or share them.

**2. Showcase.** If your team is invited to the virtual celebration, we may show the team's project to the people attending. We may also announce winning teams by team name and school.

We will not use your name, image, voice, or video on social media, in news releases, or in other promotions without asking you first, in a separate request.

You can change your mind at any time by emailing **aitnchallenge@utk.edu**. We will stop using your name and likeness from then on, but we cannot take back anything already shown to judges or at the celebration.

**Please check the box and sign below.**

☐ **I give permission.** I am the adult sponsor named above, I am at least 21 years old, and I agree to the uses described on this form.
